(a) Allihies, Ballynacallagh, Ballynacarriga, Firkeel, Kilkinnikin, Killeagh, and Kilmichael, not containing 20 houses each, have, as in previous Censuses, been included with the townlands on which they respectively stood. See NOTE at head of Table VII., p. 130.

(b) The town of Ballydonegan stands on the townland of same name; it has an estimated area of 16 acres; all the houses and population of Ballydonegan townland were included in the town in 1871. The decrease is also owing to a number of miners having left the locality.

(c) The town of Cloonmines stands on the townland of Cloon; it has an estimated area of 17 acres. The decrease as compared with 1871 is owing to a number of miners having left the locality, and to the houses and population of the rural portion of the townland of Cloon having been then included in the town.

(d) The remainder of the parish of Ballinadee is in the barony of Muskerry, West, see p. 207; the entire parish contains 1,100 persons.

(e) See note (a), p. 223.

(a) Carrigillihy and Abbey Strand not containing 50 houses each, have, as in 1861 and 1871, been included with the townlands on which they respectively stood. See Note at head of Table VII., p. 163.

(b) The town of Unionhall stands on the townlands of Ballincolla, Clontaff, and Listerkin; it has an estimated area of 18 acres. The increase is owing to the presence of a number of persons engaged in the mackarel fishing. Some houses included in Ballincolla townland in 1871 have also been returned in the town on the present occasion.

(c) See note (c).

(d) Including persons on board shipping.

(e) This amount includes the valuation of the town of Baltimore.

(f) The town of Baltimore stands on the townland of the same name; it has an estimated area of 10 acres.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, &c., their actual state.

Four classes have been adopted—in the lowest of the four classes are comprised houses principally built of mud, or other perishable material, and having only one room and window, in the third a better description of house varying from one to four rooms and windows; in the second, what might be considered a good farm-house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus a person who may be a Clergyman and Professor, or Barrister and Land Agent or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

Note.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent or Judge and Land Owner, will very generally be found returned in one of these characters.

(a.) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English; while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools being the first. See Rules of the Commissioners of National Education, page 8.

(c) "Bishop Crowe's" (Cloyne); "Countess of Orkney's" (Middleton College); "Duke of Devonshire's" (Bandon); "Duke of Devonshire's" (Youghal); and "Rochelle Seminary," (near Cork).

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County of Kerry; and purpose giving similar Tables from time to time, for each County of the Province of Munster, at such intervals as the progress of the work will permit, to be followed by those of Ulster, and Connaught.

CENSUS OF IRELAND, 1881.

COUNTY OF KERRY.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County of Kerry from the Census returns of 1881.

SUMMARY.

Area.

The County of Kerry covers an area of 1,185,918 statute acres, or 5·7 per cent. of the total area of the country.

Distribution of Land. (Table i.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 75,510 acres under tillage, 90,060 under meadow and clover, and 566,950 under pasture, making a total of 732,520 acres of Arable Land, or 63·5 per cent. of the total extent of land in the County; 17,242 acres, or 1·5 per cent., under Plantations; 109,132, or 9·4 per cent., under Bog and Marsh; and 260,823, or 22·6 per cent., under barren Mountain Land. The remaining 34,319 acres, or 3·0 per cent., were returned as under "Roads, Fences, &c., &c."

Population. (Table ii.)

The number of persons in the County of Kerry according to the Census was—in 1841, 293,880; in 1851, 238,254; in 1861, 201,800; in 1871, 196,586; and according to the recent Census, **201,039** (**101,208** Males, and **99,831** Females) or **2·3** per cent. more than in 1871.

Families and Houses.

The number of distinct Families in the County at the time of the late enumeration was 33,315, the average number of persons in a family being then 5·94; and the number of Inhabited Houses was 31,658, showing an average of 6·25 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables iii. and vi.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the increase or decrease in each during the decade.

Baronies.	Population.		Increase or Decrease between 1871 and 1881.			Poor Law Unions.	Population.		Increase or Decrease between 1871 and 1881.

Total,	196,586	201,039	4,453	–	2·3	Total,	196,586	201,039	4,453	–	2·3

From the foregoing Statement it will be observed that the highest per-centage of increase in the Baronies took place in Dunkerron South, Iveragh, and Iraghticonnor, viz., 6·7, 4·0, and 4·7 respectively. There was a slight decrease in the Baronies of Magunihy, Corkaguiny, and Glanarought. The highest per-centage of increase in the Poor Law Unions occurred in that portion of Glin situated in this county; a decrease of 103 persons took place in the Union of Dingle.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 95·96 per cent. were born therein, 2·03 per cent. in other counties of the Province of Munster; 0·47 per cent. in Leinster; 0·17 per cent. in Ulster; 0·17 per cent. in Connaught; 1·00 per cent. in Great Britain; 0·20 per cent. were born abroad, and 5 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

The county contains four such districts, viz., Tralee, Killarney, Cahersiveen, and Listowel; in 1871 the total population thereof amounted to 18,825; in 1881 it was 21,879, showing an increase of 2,704 or 14·4 per cent.; in the rural district of the county the increase was 1·0 per cent.

Parliamentary Representation (Table v.)

The county returns two Members to Parliament, the constituency in 1881 being 5,202; and the borough of Tralee, with a constituency of 380, returns one Member.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871–1881.		
	1871.	1881.	1871.	1881.	Increase.	Decrease.	Rate per Cent.
Roman Catholics,	190,332	194,283	96·8	96·6	3,951	—	2·1
Protestant Episcopalians,	5,592	5,897	2·9	2·9	305	—	5·4
Presbyterians,	206	213	0·1	0·1	7	—	3·4

Information refused,*	—	4	—	—	4	—	—
Total,	196,586	201,039	100·	100·	4,453	—	2·3

From the above Table it will be seen that of the total population of the County, in 1881, 96·6 per cent. were Roman Catholics, 2·0 per cent. Protestant Episcopalians, 0·1 per cent. Presbyterians, 0·2 per cent.

* The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Methodists, and 0·2 per cent. members of other Religious Denominations. During the decade there was an increase in the number of persons belonging to each of the principal Religious Denominations, the respective rates of increase being as follow:—Roman Catholics, 2·1 per cent.; Protestant Episcopalians, 5·4; Presbyterians, 3·4, and Methodists, 64·3.

Education. (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County of Kerry in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.

Total,	196,586	100·	201,039	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 37·1 per cent. of the Inhabitants could "read and write," in 1881, 47·7 per cent. could do so; that the per-centage of the population who could "read only" in 1871 was 8·0, and in 1881, 9·1; and that the per-centage of the "illiterate" fell from 54·9 in 1871 to 43·2 in 1881.

(Table xxxii.)

The following statement shows the population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate.

Population, 5 years old and upwards,	83,407	84,755	168,162	88,429	87,424	175,853
Number of ditto Illiterate,	34,607	44,936	79,603	27,679	33,971	61,650
Proportion per cent.,	41·6	53·0	47·3	31·3	38·9	35·1

From the foregoing statement it will be seen that, in 1871, 47·3 per cent. of the inhabitants, aged five years and upwards, were illiterate (41·6 per cent. of the males and 53·0 of the females), and that, in 1881, the per-centage was but 35·1 (31·3 of the males and 38·9 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 36·1 per cent. of Roman Catholics, 5·5 per cent. of Protestant Episcopalians, 1·0 per cent. of Presbyterians, 2·8 per cent. of Methodists, and 4·7 per cent. of Members of "All other Denominations" were illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County of Kerry, according to the Census of 1871 (week ending 17th June), was 29,680 or 42·3 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 34,661, or 43·6 per cent. of the persons aged 5 and under 20.

Sick. (Table x.)

In 1871 the number of persons in the County of Kerry returned as Sick, on the night of the Census, was 1,181 or 1 in every 166 of the population; in 1881 the number so returned was 1,197 or 1 in every 168 of the population; of the latter number, 514 were at their own homes, and 683 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 1,660 or 1 in every 118 of the population; of this number 1,437 were inmates of Workhouses, and 223 were in receipt of outdoor relief; in 1881 the number returned was 3,058, or 1 in every 55 of the population; 1,897 of these being in the Workhouses, and 1,761 on outdoor relief.

Marriages, Births, and Deaths. (Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the county of Kerry, during the ten years ending 31st March, 1881, was 8,194, equal to an average annual rate of 4·1 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County during the ten years was 61,450, affording an average annual rate of 30·9 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The Deaths registered during the decennium amounted to 32,820, being equal to an average annual rate of 13·5 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County during the ten years ending 31st March, 1881, amounted to 27,036 (14,312 males and 12,724 females); the number for the previous decade was 40,480, and for that ending with March, 1861, 54,672, making a total of 122,188 for the thirty years.

Registration of Births and Deaths and Emigration.

The number of Births registered during the ten years ending 31st March, 1881, being 61,450 and the number of Deaths 32,820; a natural increase of 28,030 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 27,036, the net result shown is an increase of 1,594: this number differs from the increase (4,453) in the population, as shown by the Census Returns, to the extent of 2,859, a disparity to be accounted for mainly by defective registration, and to some extent by incomplete Returns of Emigrants, together with the fact that no record of Migration from one part of Ireland to another is obtainable.

Increase in the Population.

(a) The increase is attributed to the sub-division of holdings and the erection of houses thereon.
(b) The town of Ballyheige stands on the townland of the same name; its estimated area is 12 acres.
(c) The remainder of the parish of Duagh is in the barony of Iraghticonnor, see p. 447; the entire parish contains 9,847 persons.
(d) See note (a), p. 421.
(e) This amount includes the valuation of a portion of the town of Duagh.
(f) A large portion of Knockaloughe, parish of Duagh, which was, in 1861, mountain or barren land, has since been reclaimed, and was assigned by the enumerator as the cause of the increase in the population of the townland.
(g) The increase is attributed to the sub-division of a farm into small lots, and the erection of dwelling-houses.

(a) In 1861 the houses and population properly belonging to the townland of Raraugh were enumerated with the adjoining townland of Ballyrobert.
(b) Kilmoyly and Lorrig, not containing 20 houses each, have, as in 1851, 1861, and 1871, been included with the townlands on which they respectively stood. See Note at head of Table VII., p. 416.
(c) The increase is attributed to the division of a tract of mountain into small holdings.

(a) The increase is attributed to the erection of 6 welling-houses since 1871.
(b) As Lixnaw does not contain now 26 houses, the portion in this parish has been included as in 1871, with the townland of Clogher on which it stood. See NOTE at head of Table VII., p. 419.
(c) The remainder of the parish of Listowel is in the barony of Iraghticonnor, see p. 350; the entire parish contains 6,736 persons.
(d) See note (f).
(e) This amount includes the valuation of the town of Abbeydorney.
(f) The town of Abbeydorney stands on the townland of Montanagay; its estimated area is 16 acres.

(a) The increase is attributed to marriages and the sub-division of holdings. (b) See note (a).
(c) This amount includes the valuation of a portion of the town of Castlegregory.
(d) Emigration was assigned by the enumerator as the cause of the decrease in the population of the townland of Cloghancahaskeen, parish of Killiney.
(e) The town of Castlegregory stands on the townlands of Castlegregory, Clooscuire, and Martramane; its estimated area is 62 acres. All the houses and population on Clooscuire townland have, the enumerator states, been properly returned in the town.
(f) Killiney, not containing 25 houses, has, as in 1881, 1861 and 1871, been included with the townland of the same name on which it stood. See Note at head of Table VII., p. 418.

(a) The remainder of the parish of Dingle is in the barony of Clanmaurice, see p. 430; the entire parish contains 2,827 persons.
(b) The increase is attributed to the erection of cottages by a landlord.
(c) The remainder of the parish of Dysert is in the barony of Clanmaurice, see p. 421; the entire parish contains 930 persons.
(d) In 1851 there were Auxiliary Workhouses situated upon the Townlands of Bedford and Knockanagh, North, the inmates of which were included with the population of these townlands.
(e) In 1871 some families now returned in this townland were included in the townland of Coolnalaght, parish of Listowel.
(f) The decrease in the population of this townland was stated by the enumerator to have been owing to the demolition of fourteen houses.

(a) The population of the townlands of Ballinskelligs and Kinard, West, parish of Prior, were given as furnished by the enumerator at the date of taking the Census of 1871; information, however, supplied subsequently to the compilation of the Tables tended to the belief that the original returns may have been to some extent inaccurate.
(b) The enumerator reports that 3 families moved from Coarha Beg to Bray townland since 1871.
(c) The decrease is attributed to emigration.
(d) See note (g).
(e) Including 121 persons on board the shipping in Valencia harbour. See note (g).
(f) This amount includes the valuation of the town of Knights' Town Town.
(g) The town of Knights' Town stands on the townland of Farranreagh; its estimated area is 30 acres. The persons on board the shipping in Valencia Harbour were returned in Knights' Town Town in 1871. See note (d).

(a) The decrease in the population of this townland was stated by the enumerator in 1871, to have been owing, in some measure, to the consolidation of several small holdings into large farms, and partly to unusually large emigration.
(b) In 1881, ten houses and their inhabitants properly belonging to this townland (Knockrower, West), were included with an adjoining townland.
(c) The decrease is attributed to emigration.

(a) The Civic Districts comprise the townships of Killarney and Tralee and the towns of Caherciveen and Listowel. (b) Military Barrack.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

* The designation "Primary" has been applied in Irish Census Publications, since 1841, to schools where the instruction is exclusively English, while those schools in which a foreign language is taught have been classed as "Superior," upon the assumed likelihood that the presence of a foreign language in the school course argues a higher standard of general instruction than is to be found where such an element is wanting.

† These form the second group in the classification of the National Board; the Model Schools (of which there are none in the county of Kerry) being the first. See Rules of the Commissioners of National Education, page 8.

NOTE.

It has been considered desirable (as in 1871) that those of the public who might not require, or be disposed to purchase, the Census Abstracts and Reports in their completeness should have access at a small cost to the statistics of the Territorial Division in which they may have a more immediate interest; and as, in Ireland, the County appears to be the most convenient and familiar area for which the principal particulars should be afforded in abstract, the Census Commissioners, with the approval of His Excellency the Lord Lieutenant, present the following Tables for the County and City of Limerick; and purpose giving similar Tables from time to time for each County in the Province of Munster, at such intervals as the progress of the work will permit, to be followed by those of Ulster and Connaught

CENSUS OF IRELAND, 1881.

COUNTY AND CITY OF LIMERICK.

In addition to the information contained in the County Tables, it has been deemed advisable to depart from the course pursued in 1871, and give the following Summary of the results obtained respecting the County and City of Limerick from the Census Returns of 1881.

SUMMARY.

Area.

The County and City of Limerick cover an area of 680,842 statute acres, or 3·2 per cent. of the total area of the country.

Distribution of Land. (Table I.)

According to the Agricultural Statistics (Ireland), for last year (1881), presented to Parliament by the Registrar-General, there were 65,164 acres under tillage, 114,304 under meadow and clover, and 405,483 under pasture, making a total of 585,951 acres of Arable Land, or 88·5 per cent. of the total extent of land in the County, 8,814 acres, or 1·3 per cent. under Plantations, 15,719 or 2·4 per cent. under Bog and Marsh; and 24,798 or 3·7 per cent under barren Mountain Land. The remaining 27,088 acres or 4·1 per cent. were returned as under "Roads, Fences, &c., &c."

Population. (Table II.)

The number of persons in the County and City of Limerick according to the Census was—in 1841, 330,029; in 1851, 252,132; in 1861, 217,277; in 1871, 191,935; and according to the recent Census **180,632** (**88,311** Males and **92,321** Females) or **5 9** per cent. less than in 1871.

Families and Houses.

The number of distinct Families in the County and City at the time of the late enumeration was 32,919, the average number of persons in a family being thus 5·29; and the number of Inhabited Houses was 29,840, showing an average of 5·88 persons to each house. In calculating these averages, the Special Inmates of Public Institutions have been omitted.

Baronies and Poor Law Unions. (Tables III. and VI.)

The following Statement shows, by Baronies and by Poor Law Unions, the number of persons in 1871 and 1881; and the increase or decrease during the decade:—

From the foregoing statement it will be observed that the highest per-centage of decrease in the Baronies took place in Kenry and Coshma, viz., 11·8 and 11·0, respectivaly; in the Barony of Glenquin there was an increase of 171 persons. The highest per-centage of decrease in the Poor Law Unions occurred in the portion of Mitchelstown situated in this County, and the lowest in Newcastle.

Birthplaces of the Inhabitants. (Table xxiv.)

Of the persons enumerated in the county in 1881, 89·11 per cent. were born therein, 7·18 in other counties of the Province of Munster; 1·14 per cent. in Leinster; 0·35 per cent. in Ulster; 0·39 per cent. in Connaught; 1·46 per cent. in Great Britain; 0·37 per cent. were born abroad; and 8 persons were born at sea.

Civic Districts. (Table v.)

Towns having, in 1881, a population of 2,000 and upwards are classified in the Tables as civic districts.

Limerick contains 3 such districts; in 1871 the total population thereof amounted to 43,982; in 1881 it was 43,297, showing a decrease of 685 or 1·5 per cent.; in the rural district of the county the decrease was 7·2 per cent.

Parliamentary Representation (Table v.)

The county returns 2 Members to Parliament, the constituency in 1881 being 8,713; and the borough of Limerick, with a constituency of 1,916, also returns 2 Members.

Religious Professions. (Table xxviii.)

The following statement shows, according to Religious Professions, the Number of Persons in 1871 and 1881, and the increase or decrease during the decade:—

Religious Professions.	Number of Persons.		Per-centage of Total Population.		Increase or Decrease, 1871-1881.

* "North Liberties" Barony has been formed, since 1871, from portion of Pubblebrien Barony.

† In 1871 there were 304 persons returned on the Census Forms as "Protestants," concerning whose Religious Profession no further information could be obtained; in 1881 there was but one person so returned on the Census Forms for Limerick County and City.

‡ The Tables for 1871 did not contain any column for the number of persons who refused to state their Religious Profession.

Religious Professions.

From the preceding Table it will be seen that of the total population of the County and City in 1881, 95·0 per cent. were Roman Catholics, 4·3 per cent. Protestant Episcopalians, 0·2 per cent. Presbyterians, 0·3 per cent. Methodists, and 0·2 per cent. members of other Religious Denominations. During the decade there was a decrease in the number of Roman Catholics of 5·9 per cent.; Protestant Episcopalians, 4·3 per cent.; and Presbyterians, 6·7 per cent.; there was an increase of 45 in the number of Methodists.

Education (Table xxx.)

The following statement shows the Educational Status of the Inhabitants of the County and City of Limerick in 1871 and 1881, in so far as relates to the degrees of elementary education relative to which inquiry was made on the Census Forms.

Degrees of Elementary Education.	1871.		1881.	
	Number of Persons.	Rate per Cent.	Number of Persons.	Rate per Cent.
Read and Write,	92,264	48·1	103,411	57·2
Read only,	20,849	10·8	18,525	10·3
Illiterate,	78,833	41·1	58,696	32·5
Total,	191,936	100·	180,632	100·

From the above it will be seen that whereas, according to the Returns of 1871, only 48·1 per cent. of the inhabitants could "read and write," in 1881, 57·2 could do so; that the per-centage of the population who could "read only" in 1871 was 10·8, and in 1881, 10·3; and that the per-centage of the "illiterate" fell from 41·1 in 1871 to 32·5 in 1881.

(Table xxxii.)

The following statement shows the Population five years old and upwards, also the number and proportion per cent. thereof who were Illiterate:—

—	1871.			1881.		
	Males.	Females.	Total.	Males.	Females.	Total.
Population, 5 years old and upwards,	81,270	87,381	168,651	77,995	82,481	160,476
Number of ditto Illiterate,	22,070	32,569	55,548	16,752	21,728	38,480
Proportion per cent.,	28·3	37·3	32·9	21·5	26·4	24·0

From the foregoing statement it will be seen that, in 1871, 32·9 per cent of the inhabitants, aged five years and upwards, were Illiterate (28·3 per cent. of the males, and 37·3 of the females), and that, in 1881, the per-centage was but 24·0 (21·5 of the males and 26·4 of the females).

Religious Professions and Education. (Table xxxiii.)

Taking Religious Professions and Education in combination, it appears that in 1881, excluding children under five years of age, 25·0 per cent. of Roman Catholics, 6·3 per cent. of Protestant Episcopalians, 3·3 per cent. of Presbyterians, 4·7 per cent. of Methodists, and 2·8 per cent. of members of "All other Denominations" were Illiterate.

School Attendance. (Table xxxvii.)

The number of children attending school in the County and City of Limerick, according to the Census of 1871 (week ending 17th June), was 29,201, or 45·9 per cent. of persons aged 5 years and under 20; in 1881 the number returned (for week ending 14th May), was 29,049, or 45·5 per cent. of the persons aged 5 and under 20.

The Sick. (Table x.)

In 1871 the number of persons in the County and City of Limerick returned as Sick, on the night of the Census, was 1,786, or 1 in every 107 of the population; in 1881 the number so returned was 1,635, or 1 in every 110 of the population; of the latter number 451 were at their own homes, and 1,184 were in hospital.

Pauperism. (Table x.)

The number of persons returned in 1871 as receiving relief under the Poor Law System was 4,648, or 1 in every 41 of the population, of this number 3,071 were inmates of Workhouses, and 1,577 were in receipt of out-door relief; in 1881 the number returned was 8,628, or 1 in every 21 of the population, 3,611 of these being in the Workhouses, and 5,017 on out-door relief.

Marriages, Births, and Deaths. Table xii.)

For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District," each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the poor under the Medical Charities Act; which Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of Poor Law Electoral Divisions.

According to the Returns of the Registrar-General the number of Marriages registered in the County and City of Limerick, during the ten years ending 31st March, 1881, was 8,859, equal to an average annual rate of 4·8 per 1,000 of the population. The number registered in the whole of Ireland during the same period, affords an average annual rate of 4·7 per 1,000.

The number of Births registered in the County and City during the ten years was 51,169, affording an average annual rate of 27·5 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 26·3 per 1,000.

The deaths registered during the decennium amounted to 36,565, being equal to an average annual rate of 19·6 per 1,000; the corresponding rate for the whole of Ireland was 18·3 per 1,000.

Emigration. (Table xxxviii.)

The number of Emigrants from the County and City during the ten years ending 31st March, 1881, amounted to 22,132 (11,667 males and 10,465 females); the number for the previous decade was 46,339, and for that ending with March, 1861, 62,173, making a total of 130,644 for the thirty years.

Registration of Births and Deaths and Emigration. Decrease in the Population.

The number of Births registered during the ten years ending 31st March, 1881, being 51,169, and the number of Deaths 30,565, a natural increase of 14,604 would appear to have taken place in the Population, but the Emigrants, during the same period, having amounted to 22,132, the net result shown is a decrease of 7,528: this number differs from the decrease (11,304) in the population, as shown by the Census Returns, to the extent of 3,776, a disparity to be accounted for, to some extent, by incomplete returns of Emigrants; together with the fact that no record of Migration from one part of Ireland to another is obtainable.

The number in the County and City of Limerick in 1881 was 1,079, in 1871, 893, and in 1861, 1,490.

(a) The Act for the Registration of Births and Deaths (26 Vic cap 11), by which the Registrars' Districts were defined, did not come into operation till 1864. It is, therefore, not now found practicable to give the number of houses in 1841, 1851, and 1861, for each of the districts into which the Electoral Division of Limerick has been divided for registration purposes.

(b) The remainder is in the county of Clare.

(c) The remainder is in the county of Cork.

(d) The area of the Electoral Division of Mountcollins, Registrar's District of Abbeyfeale and Union of Newcastle, has been increased by the transfer of the portion of the Union of Kanturk, in the county of Limerick, by sealed order of the Local Government Board, which took effect on the 29th of September, 1877, and the number of houses for 1841, 1851, 1861, and 1871, and population for 1871, have been altered so as to compare with 1881.

(a) The decrease is attributed to a number of persons employed on the construction of an embankment having left the townland on the completion of the work.
(b) The decrease of the population of this townland was attributed by the enumerator to evictions and emigration.
(c) Stonehall, not containing 30 houses, has, as in 1861, 1861, and 1871, been included with the townland of Stonehall, on which it stood. See Notes at head of Table VII., p. 349.

(a) The Civic District comprises the township of Rathkeale and the town of Newcastle. (b) Limerick Workhouse.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows; and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, and having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows, and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses occupied by one family.

Second Class accommodation consisting of 2nd class houses occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses with one family each, or 2nd class houses with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons in circumstances in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertance, or of preference, return himself under one head only of occupation or condition. Thus a person who may be a Clergyman and Professor, or Barrister and Land Agent or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."

NOTE.—The number of persons referred to a particular occupation, profession, or rank, must not be taken as intended to represent the actual total of persons so circumstanced in the county. An individual having more occupations than one, or an occupation distinct from his profession, or income distinct from both, will often, either through inadvertence, or of preference, return himself under one head only of occupation or condition. Thus, a person who may be a Clergyman and Professor, or Barrister and Land Agent, or Judge and Land Owner, will very generally be found returned in one of these characters.

(a) In this Class, Order, and Sub-Order, are included all persons *aged 15 years and upwards*, returned as "Scholar" or "Student."
